

### Luminaire type

LED luminaire for general use in offices with homogeneous light distribution. The so called “lighting panel effect” is achieved through a combination between high-quality LED modules and special opal diffuser. It is designed for ensuring comfortable illumination while saving from electricity and maintenance.

### Key advantages

- smooth and uniform light distribution
- long life and maintenance free
- excellent glare protection and no LED spots
- UGR < 19
- quick pay-off for the initial investments (ROI)
- design for quick and easy installation

### Mounting

The luminaires are designed for mounting in standard recessed ceilings with module of 675 mm. Version in mounting as FINELINE are available (2, 3 and 4 sides).

### Application

This LED luminaire is excellent for general lighting purposes for offices, computer halls, banks, meeting rooms, conference halls, etc. It is IP40 as a standard version, but also is available in protection IP54 (bottom).

### Optical system

The luminaire is equipped with a combination between opal diffuser system and high-efficiency LED modules to ensure efficiency of the luminaire of above 110 lm/W.

### Electrical connection

The standard luminaire is with quick plug-in connector pre-installed. As an option it can be equipped with connectors Wieland, Wago or Ensto.

### Warranty

The operational life of the LED modules used is minimum 50,000 h. The warranty of the luminaire is 5 years. Version with 3 years' warranty is also available on demand.
